Improved Patient Comfort

REJURAN® HB Plus contains lidocaine to enhance treatment comfort and optimize the injection experience.

Benefits of REJURAN®

Excellent Recovering Effect

REJURAN® activates the self-regenerative ability of the skin and improves the appearance of various skin concerns such as wrinkles, scars, enlarged pores, redness, pigmentation, etc.

Improvement of Skin Elasticity and Fine Wrinkles

REJURAN® promotes the production of collagen and restores extra cellular matrix to recover thin and damaged skin caused by aging, while simultaneously improves skin elasticity and reduces the appearance of wrinkles.

Improvement of Skin Tone and Texture

REJURAN® improves overall complexion which is helpful in recovering tonicity and luminosity of smoother skin texture.

Proven Safety

REJURAN® is composed of high biocompatible DNA fragment with no adverse reaction.

Natural Skin Beauty Effect

REJURAN® gives natural skin beauty effects by increasing skin elasticity and hydration from deep inside of the skin.
